

ProMold

ProMold is a three layer cast polypropylene film, specially engineered for In Mold Labels (IML). Our film can be custom formulated for various melt temperatures to ensure great adhesion. ProMold is available in white and clear.

APPLICATIONS:

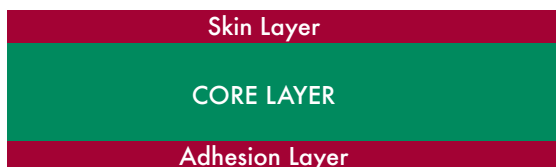

- Safety labels (ATVs, power tools)
- Under hood automotive labels
- Cups and buckets
- Yogurt or salsa containers
- Ice cream containers

ADVANTAGES:

- Excellent printability
- Superior lay-flat and registration
- Feeds quickly and reliably through printing presses
- Superior dimensional stability
- Clear or gloss can be first or second surface printed
- Seal layer can be engineered as low as 158° F for extremely fast cycle times

MANUFACTURING CAPABILITIES:

- Clear and white film are standard, anti-reflective available
- Custom colors or glow-in-the-dark are available upon request
- In-line corona treatment on one or both sides
- Thickness range: 1.2 mil to 12 mil thick
- Standard web widths: 56" - 83"
- In-line slitting to custom roll widths
- UV resistant films available
- Biodegradable available
- FDA compliant grades available
