

VERDE SM

Verde Super Matte is inspired by natural greenery with notes of rustic olive trees and echoes of lush organic places. It has a rich complexity with a slight grey undertone that allows it to be both a statement color when called on and also a grounding, calming hue. Verde SM's earthy shade of green allows great combinations with light, translucent neutrals as well as burnt oranges.

Pair this warm approachable color with natural wood tones and matte black or vibrant bronze metallic accents. SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable, and has long term color stability and consistency.
